LASERTECH

Harmonized Laser Technology Training across Europe

Erasmus+ Strategic Partnership Project 2015-1-ES01-KA202-015829

Funded by the Erasmus+ Programme of the European Union

Project general information:

Submission: Erasmus+ Call 2015

Ends on 31 December 2017

Objectives:

- Develop a LaserTech guideline for qualification of laser welding personnel based on EWF Qualification System using the new approach of LOs
- Address the implementation of LaserTech guideline within the European manufacturing industry network
- Develop mutually recognized training and qualification courses in European countries
- Promote the transparency of qualifications and competences in technological areas
